CCR 006/2024

New "ITSF9HOMG2" light panels from ITS Chrono homologated by FIM in grade 2

Dear Sir or Madam,

Further to the tests carried out recently at the Federal Institute of Metrology METAS, new light & led panels "ITSF9HOMG2" light panels from ITS Chrono have been successfully homologated by the FIM-CCR with a grade 2.

We remind you that for FIM Championships and Prizes, only grade 1 and 2 light panels can be used.

The 2024 FIM Standards for Circuits will therefore be amended as follows:

10.1.5 Light/led Panels

Light panels could be used in addition to the flag presentation with the prior approval of the Safety Officers. The colours of the panels used will remain at the discretion of the Safety Officers. In any case, when applied, the red light can only be operated from the Race Control.

A joint FIA-FIM Homologation program has being developed.

The FIM homologation protocol can be obtained from the FIM administration.

Since 2023, the use of homologated light panels is mandatory for GP, SBK and EWC disciplines.

The current FIM homologated light/led panels homologated are:

Grade 1

DZ ENGINEERING - DZeF-01

EM MOTORSPORT - T1

PIXELCOM (PIXELMOTORSPORT) - 768-G1

SPORTOTAL - FLPG1

Grade 2

DZ ENGINEERING - DZeF-02

EM MOTORSPORT - T2

ITS CHRONO - ITSF9HOMG2

MYLAPS SPORTS TIMING - LP Grade 2

PIXELCOM (PIXELMOTORSPORT) - 768-G2

Grade 3
DZ ENGINEERING - DZeF-03
EM MOTORSPORT - T3
MYLAPS SPORTS TIMING - LP Grade 3

Further details are available on the FIM website dedicated to homologations:
<https://www.frhp.org/light-panels/homologated-light-panels>

The updated contact details of the manufacturers homologated by the CCR FIM are given in the appendix.

With best regards,

Paul DUPARC

FIM CCR Sporting Manager
